

AUTO DOLLARS and SENSE

Brought to you by: **Maple Hill Credit Union**

Did you know that a brand new vehicle can depreciate as much as 30 % or more the minute you drive it away from the new car dealership? We are at an all time high in US consumer debt...it makes sense to cut corners wherever you can and the right pre-owned vehicle can save you hundreds of dollars per month. Equally important is finding the best price and financing. It's simply good economics.

That's where Maple Hill Credit Union gets the job done for you. With an automotive consultant on call, you can find the right pre-owned vehicle for you, at the best price, with low monthly payments that includes low interest rates.

If you haven't been vehicle shopping in a while, our automotive consultant has the latest information on the best deals. Lease returns or program vehicles are available in almost all makes and models to fit your style.

Your life is busy enough. At Maple Hill Credit Union, with Lease Management LLC, we can get the vehicle shopping done for you, set up the financing and have the vehicle delivered. **Check out the benefits available to you...**
